About Me

BEng Software Engineering student with a strong foundation in programming, data structures, databases, and frontend development. Interested in cybersecurity, data science, software design, and applied informatics. Eager to continue developing technical and analytical skills through a practical and academically challenging bachelor's programme in Germany.

Education

BEng Software Engineering

2025 – Present

GISMA University of Applied Sciences, Berlin, Germany

- Completed coursework in **Data Structures & Algorithms (100%)**, **Database Systems & Big Data (88%)**, **Mathematical Foundations (92%)**, and **Foreign Languages – German (97%)**
- Currently studying Project Management and Academic Writing

13th Year (B.Sc. Non-Medical)

2024 – 2025

GSSDGS Khalsa College, Patiala, Punjab, India

- Subjects: Physics, Chemistry, Mathematics, and Computer Science
- Semester 1 SGPA: **7.37** | Semester 2 SGPA: **7.70**
- Achievement: **A+ grade in Computer Science** in both semesters

Senior-Secondary Education

2022 – 2024

Sri Guru Tegh Bahadur Public School, Patiala, Punjab, India

- Core subjects: Physics, Chemistry, Mathematics, and English
- Studied Information Practices (IP) with exposure to **Python**, **SQL**, **NumPy**, and **Pandas**
- Developed foundational programming and data analysis skills through practical assignments

Secondary Education

2021 – 2022

Play Ways Sr. Sec. School, Patiala, Punjab, India

- Core subjects: Mathematics and Computer Science
- Scored **96.7%**, securing a place on the **Patiala merit list**

Technical Skills

Programming & Web Python, JavaScript, HTML, CSS, SQL

Libraries Pandas, NumPy

Databases MySQL, relational database design

Concepts Data structures & algorithms, input validation, backend basics, data analysis

Projects

PIC Education – Database System | [GitHub](#)

MySQL · Schema Design · SQL

- Built a relational database for a PTE practice platform managing student data, test content, and performance tracking
- Designed schema supporting multiple test attempts and structured scoring across Reading, Writing, Listening, and Speaking sections

Password Strength Checker | [GitHub](#)

Python · Input Validation · Security

- Developed a real-time password evaluator applying security rules and input validation logic

Certifications

- **German Language Certification (B1 Writing)** – Goethe-Institut, India
- **Web Designing & WordPress Development** – Practical experience via iwebwizsolutions.in
- **IELTS Academic: 8.0 Bands (C1)** – English proficiency

Languages

English	Academic 8.0 / C1 (IELTS)
German	B1 Writing – Goethe-Institut certified

Leadership & Extracurriculars

- Served as **Class Representative (CR)**, liaising between students and faculty to coordinate academic matters and resolve issues
- Appointed **School Prefect**; participated in an inter-college debate competition at Khalsa College, developing communication and public speaking skills
